

PFOA in extinguishing agents

Following a listing of extinguishing agents and extinguishing agent concentrates that are currently used or have been used in Jockel wet fire extinguishers.

Extinguishing agents and extinguishing agent concentrates	Approval-, Recognitions-, Conformity confirmation number	Conformity with the PFOA limit value according to EU Directive 2020/784 as a supplement to Annex I Part A of EU Directive 2019/1021
Super Premix -30	KB 106/18	compliant; < 0,025 mg/kg (25 ppb)
JoMix A	SP 135/10	compliant; fluorine-free additive f. foam and water extinguisher
JoMix B	SP 136/10	compliant; < 0,025 mg/kg (25 ppb)
JoMix AC	KB 152/16	compliant; fluorine-free additive f. foam and water extinguisher
JoMix BS	KB 204/17	compliant; < 0,025 mg/kg (25 ppb)
Super Premix	KB 196/18	compliant; < 0,025 mg/kg (25 ppb)
JoMix AB-AR	KB 197/14	compliant; < 0,025 mg/kg (25 ppb)
JoMix AB AR GREEN	KB 49/16	compliant; fluorine-free foam extinguishing agent
JoMix AB GREEN E	KB 84/20	compliant; fluorine-free foam extinguishing agent
JoMix AB GREEN E PLUS	KB 33/21	compliant; fluorine-free foam extinguishing agent
Furex LM 950F	PL-3/96	compliant; < 0,025 mg/kg (25 ppb)
Furex LM 955	SP 33/02	compliant; < 0,025 mg/kg (25 ppb)
Furex Casa	SP 41/05	compliant; < 0,025 mg/kg (25 ppb)
JoMix AB-HS	KB 140/14	compliant; < 0,025 mg/kg (25 ppb)
PFoam	-	compliant; < 0,025 mg/kg (25 ppb)
Furex KS 930	PL-7/94	compliant; fluorine-free additive f. water extinguisher
SC-1	SP 32/03	compliant; < 0,025 mg/kg (25 ppb)
Forafac 1203	SP 56/99	compliant; < 0,025 mg/kg (25 ppb)
Inilam A	SP 54/99	compliant; fluorine-free additive f. foam and water extinguisher
Furex FF	SP 34/02	compliant; fluorine-free grease fire extinguishing agent
Bio-Super-Premix	SP 117/10	compliant; < 0,025 mg/kg (25 ppb)
TK 8 grün	PL-2/59	compliant, fluorine-free additive f. water extinguisher
Furex PS 960	PL-4/96	compliant, fluorine-free water extinguishing agent
Firesorb	PL-1/98	compliant, fluorine-free gel extinguishing agent
AFFF FC 206	PL-1/78	Not compliant; Production was stopped in 2002

The extinguishing agents and extinguishing agent concentrates with PFOA above the limit value (> 0.025 mg/kg) that were put into circulation before 04.07.2020 may continue to be used without restrictions provided that the following conditions are met:

- fire-fighting foam that contains or may contain PFOA, its salts and/or PFOA-related compounds shall not be used for training
- fire-fighting foam that contains or may contain PFOA, its salts and/or PFOA-related compounds shall not be used for testing unless all releases are contained
- as from 1 January 2023, uses of fire-fighting foam that contains or may contain PFOA, its salts and/or PFOA-related compounds shall only be allowed in sites where all releases can be contained
- fire-fighting foam stockpiles that contain or may contain PFOA, its salts and/or PFOA-related compounds shall be managed in accordance with Article 5

[Source: Commission Delegated Regulation (EU) 2020/784; Link: <https://eur-lex.europa.eu/legal-content/EN/TXT/PDF/?uri=CELEX:32020R0784&from=DE>]

In case that the release of substances containing PFOA can be collected (thus neither seeping into the ground nor running into a sewerage system), the fire extinguisher can also continue to be operated for all extinguishing agents that were placed on the market before 04.07.2020. If this is not guaranteed, they are not permitted from 01.01.2023.

26.05.2021
